LIEBHERR

Professional chest freezers

Built for Australian foodservice, convenience stores, retail and hospitality.

Engineered for professional use

Capacities from **355L to 594L** suit cafes, supermarkets, service stations, sporting venues and quick service restaurants

Performance you can depend on

Reliable operation from **-15°C to +43°C**, with robust construction, lockable lids and hygienic interiors for dependable daily use.

Designed for display and efficiency

EFI and EFE glass-lid models enhance product visibility with LED lighting and practical basket systems, while EFL models offer generous stainless-steel-lid storage. Natural refrigerants support energy-efficient operation and reduced environmental impact.

7-YEAR WARRANTY (SPECIAL OFFER)

5 years parts & labour warranty + **2 additional years**
Backed by nationwide support through Andi-Co Australia's dedicated service network.
