

Jantex Green Toilet Cleaner

Concentrate

Jantex Green Range

PRODUCT DESCRIPTION:

Jantex Green 5Ltr Toilet Cleaner Concentrate is an eco-friendly solution designed with the planet in mind.

Formulated with plant and mineral-based ingredients, it is non-toxic, non-flammable, making it a kinder choice for both staff and the environment.

This powerful cleaner is free from ammonia, chlorine, and phosphates, and is safe for grey water and septic systems. Made with biodegradable detergents, it effectively cuts through body fat, watermarks, dirt, grime, bacteria, and scale build-up.

The thickened formula clings to surfaces longer, providing a more thorough clean and a streak-free finish.

DIRECTIONS:

Dispense through a squirt bottle only. Do not atomise or use through a trigger spray.

Toilet bowls: Apply neat solution directly to the bowl and beneath the rim. Brush all surfaces and allow to sit for 5-10 seconds. Flush to clean.

General cleaning: Dilute 40mL concentrate per 1L cold-warm water. Apply to whole area, including tiles, grout, taps & glass surfaces. Allow 10-20 seconds to react. Flush off with water.

PACK SIZE/S: 5L

ORDER CODE/S: DU819

FEATURES:

- Plant and Mineral Based
- Eco-Friendly Product that ACTUALLY works
- Non-Hazardous and non-dangerous
- Non-Toxic and Non-Flammable
- Grey water and Septic safe
- Bottle made of 50% recycled plastic

BENEFITS:

- Australian Made
- Designed with the Planet in Mind
- Made to suit Australian kitchen conditions, quality & safety requirements
