

Heavy Duty Combi Cleaner

Concentrate

PRODUCT DESCRIPTION:

Jantex Heavy Duty Combi Cleaner is a highly active, low-foaming detergent for cleaning the interior of combination ovens in commercial and industrial kitchens.

The blend of active ingredients in this product works to remove heavy build-up of fats, oils and baked on grease without destroying the main surface structure.

The high-quality formula is designed to optimise the performance of the combi oven and leave all surfaces bright and shiny, whilst saving on cleaning time and cost.

For best results, use in conjunction with Jantex Descale Concentrate.

DIRECTIONS FOR USE:

Jantex Heavy Duty Combi Cleaner is formulated to be dispensed through the integral cleaning system of combination ovens, for automatic dosage by the oven's cleaning program. Please refer to manufacturer's recommendations.

Avoid contact with soft metal surfaces, such as aluminium and zinc.

PACK SIZE/S: 5L

ORDER CODE/S: FL841

KITCHEN & FOOD PREP

FEATURES:

- Quickly dissolves fatty deposits & baked on grease
- Flushes through all inner workings of the machine
- Balanced active concentration
- Highly concentrated
