PRODUCT INFORMATION SHEET

Issue Date: 22nd July 2021

Bleach 4%

Concentrate

WASHROOM & TOILETS

PRODUCT DESCRIPTION:

Jantex Bleach 4% is a stabilised chlorine agent. It is highly effective for use in the dairy, food and beverage industries as a sanitising agent in processing equipment.

Jantex Bleach 4% is also suitable for use in the commercial laundry industry as a stain remover and bleaching agent. It is excellent for removing tannins from crockery items in warewashing machines and for destroying fungal growth in the washroom, bar and cellar areas.

It is also effective in water treatment as a sanitising agent.

DIRECTIONS FOR USE:

Laundry:
Dispense 4-12mL per kilo of dry weight laundry in the wash load.

Sanitising:
Dilute 25mL per 1L of water. Apply directly to surface and allow 2 to 3 minutes contact time. Discard day old solutions.

Hard surfaces:
Dilute 40mL per 1L of water and use to sanitise hard surfaces. Rinse off with water.

DISCARD DAY OLD SOLUTIONS.

PACK SIZE/S: 1L, 5L

ORDER CODE/S: FL848, FL849

FEATURES:
