

Anti-Bacterial Spray & Wipe

Concentrate

GENERAL CLEANING

PRODUCT DESCRIPTION:

Jantex Antibacterial Spray & Wipe cleaner is a powerful blend of detergents and degreasing agents that easily cuts through grease & grime while leaving a streak free finish on surfaces.

This ammonia and phosphate free spray can be used to clean all types of hard surfaces in one convenient spray & wipe application.

DIRECTIONS FOR USE:

Surface Cleaning: Light: Dilute 40mL concentrate in 1L of water
Heavy: Dilute 100mL concentrate in 1L of water
Apply with a trigger spray to surface. Allow to dwell for 15 seconds. Wipe off with a clean cloth.

Floor Cleaning: Dilute 30mL concentrate in 1L of water. Apply with a clean mop or automatic scrubber.

For optimal results, change cleaning cloth regularly.
