

Medicated Hand Soap

Anti-bacterial Soft Scent Liquid

HAND HYGIENE

PRODUCT DESCRIPTION:

Zexa Medicated Hand Soap is an anti-bacterial liquid hand cleanser that is designed to eliminate bacteria on the skin. It is highly effective against a broad spectrum of microorganisms and suitable for all situations where reducing the possibility of microbial cross-contamination is important.

Gentle and emollient-rich, it helps condition the skin whilst reducing transient bacteria. The Soft Scent floral fragrance leaves behind a gentle and comforting residual aroma on the skin.

This product is suitable for frequent hand washing.

DIRECTIONS FOR USE:

1. Dispense ready to use soap into Refill dispensers as required
