

Surface Sanitiser Hospital Grade

Surface Spray Disinfectant RTU

Kitchen, Multipurpose

PRODUCT DESCRIPTION:

Jantex Surface Sanitiser Hospital Grade Surface Spray Disinfectant is a Ready To Use product effective against **SARS-CoV-2** when tested under clean conditions.

Tested as effective against Staphylococcus aureus, Pseudomonas aeruginosa & Salmonella choleraesuis (AOAC 961.02 test) & against S. aureus, E.coli, P. aeruginosa & P.vulgaris (TGA TGO 104 Option B disinfectant test) when tested under dirty conditions.

Non-toxic, Ethanol and Fragrance Free surface sanitiser to kill and inhibit germs on all surfaces, providing hygiene assurance for customers, clients and staff.

Hard surface disinfectant only. Not to be used on medical devices or therapeutic goods.

DIRECTIONS FOR USE:

Follow a two-step cleaning process to ensure best results:

Step 1: Ensure that all soils or contaminants are effectively removed from the surface.

Step 2: Spray a fine mist of Jantex Surface Sanitiser onto the cleaned surface and allow to dry. **Do not use** a cloth to wipe, as you may inadvertently contaminate the surface area with bacteria.
