Safety Tips

- Position on a flat, stable surface.
- A service agent/qualified technician should carry out installation and any repairs if required. Do not remove any components or service panels on this product.
- Consult Local and National Standards to comply with the following:
  - Health and Safety at Work Legislation
  - BS EN Codes of Practice
  - Fire Precautions
  - IEE Wiring Regulations
  - Building Regulations
- DO NOT use jet/pressure washers to clean the appliance.
- DO NOT use the appliance outside.
- DO NOT use this appliance to store medical supplies.
- DO NOT use electrical appliances inside the appliance (e.g. heaters, ice-cream makers etc.).
- DO NOT allow oil or fat to come into contact with the plastic components or door seal. Clean immediately if contact occurs.
- DO NOT store products on top of the appliance.
- Bottles that contain a high percentage of alcohol must be sealed and placed vertically in the refrigerator.
- Always carry, store and handle the appliance in a vertical position and move by holding the base of the appliance.
- Always switch off and disconnect the power supply to the unit before cleaning.
- Keep all packaging away from children. Dispose of the packaging in accordance with the regulations of local authorities.
- If the power cord is damaged, it must be replaced by a POLAR agent or a recommended qualified technician in order to avoid a hazard.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with the appliance.

Product Description

- CD080-A - 150 litre Refrigerator
- CD081-A - 140 litre Freezer
- CD082-A - 400 litre Refrigerator
- CD083-A - 365 litre Freezer
- CD084-A - 600 litre Refrigerator
- CD085-A - 600 litre Freezer
- CD086-A - 150 litre Glass-Door Refrigerator
- CD087-A - 400 litre Glass-Door Refrigerator
- CD088-A - 600 litre Glass-Door Refrigerator
- CD613-A - 365 litre Freezer
- CD614-A - 600 litre Refrigerator
- CD615-A - 600 litre Freezer
- CD610-A - 150 litre Refrigerator
- CD611-A - 140 litre Freezer
- CD612-A - 400 litre Refrigerator
**Introduction**

Please take a few moments to carefully read through this manual. Correct maintenance and operation of this machine will provide the best possible performance from your POLAR product.

**Pack Contents**

The following is included:

- POLAR Refrigerator / Freezer
- Shelves - Refrigerator only
  - CD610-A/ CD080-A x 3/ CD086 x 3
  - CD612-A/ CD082-A x 4 / CD087 x 4
  - CD614-A x 4 / CD084-A / CD088 x 4
- Keys x 2
- Spacers x 2
- Instruction manual

POLAR prides itself on quality and service, ensuring that at the time of packaging the contents are supplied fully functional and free of damage.

Should you find any damage as a result of transit, please contact your POLAR dealer immediately.

**Installation**

⚠️ **Note:** If the unit has not been moved or stored in an upright position, let it stand upright for approximately 12 hours before operation. If in doubt allow the appliance to stand.

1. Remove the appliance from the packaging. Make sure that all protective plastic film and coatings are thoroughly removed from all surfaces.
2. Maintain a distance of 2cm (0.7 inches) between the unit and walls or other objects for ventilation. Increase this distance if the obstacle is a heat source.

⚠️ **Note:** Before using the appliance for the first time, clean the shelves and interior with soapy water.

**Operation**

**Control Panel**

The control panel is located on the front of the appliance.

**Turn On**

1. Close the door of the appliance.
2. Connect the appliance to a mains power supply.
3. Set the temperature to the desired setting: 0 (Off), 1 (Cool) to 7 (Cold)

**Storing Food**

To get the best results from your POLAR appliance, follow these instructions:

- Only store foodstuffs in the appliance when it has reached the correct operating temperature.
- Do not place uncovered hot food or liquid inside the appliance.
Telephone Helpline: 1300225960

- Wrap or cover food where possible.
- Do not obstruct the fans inside the appliance.
- Avoid opening the doors for prolonged periods of time.

**Lock/Unlock the Doors**

A lock is fitted to the doors to ensure foodstuffs are kept secure within your POLAR appliance. Use the keys provided to lock/unlock the door.

**Cleaning, Care & Maintenance**

- Switch off and disconnect from the power supply before cleaning.
- Clean the interior of the appliance as often as possible.
- Do not use abrasive cleaning agents. These can leave harmful residues.
- Clean the door seal with water only.
- Always wipe dry after cleaning.
- Do not allow water used in cleaning to run through the drain hole into the evaporation pan.
- A POLAR agent or qualified technician must carry out repairs if required.

**Cleaning the Condenser**

Periodically cleaning the condenser can extend the life of the appliance. POLAR recommend that a POLAR agent or qualified technician clean the condenser.

**Replacing the Lamp (CD086-A, CD087-A, CD088-A)**

1.) Switch Off and disconnect the appliance from the power supply
2.) Remove the plastic cover
3.) Twist the lamp in its socket and release
4.) Remove the lamp and replace the new one of the same power rating
5.) Replace the plastic cover
## Troubleshooting

If your POLAR appliance develops a fault, please check the following table before making a call to the Helpline.

<table>
<thead>
<tr>
<th>Fault</th>
<th>Probable Cause</th>
<th>Action</th>
</tr>
</thead>
<tbody>
<tr>
<td>The appliance is not working</td>
<td>The unit is not switched on</td>
<td>Check the unit is plugged in correctly and switched on</td>
</tr>
<tr>

Electrical Wiring

The plug is to be connected to a suitable mains socket.

This appliance is wired as follows:

- Live wire (coloured brown) to terminal marked L
- Neutral wire (coloured blue) to terminal marked N
- Earth wire (coloured green/yellow) to terminal marked E

This appliance must be earthed, using a dedicated earthing circuit.

If in doubt consult a qualified electrician.

Electrical isolation points must be kept clear of any obstructions. In the event of any emergency disconnection being required they must be readily accessible.

Compliance

The WEEE logo on this product or its documentation indicates that the product must not be disposed of as household waste. To help prevent possible harm to human health and/or the environment, the product must be disposed of in an approved and environmentally safe recycling process. For further information on how to dispose of this product correctly, contact the product supplier, or the local authority responsible for waste disposal in your area.

POLAR parts have undergone strict product testing in order to comply with regulatory standards and specifications set by international, independent, and federal authorities.

POLAR products have been approved to carry the following symbol:
