## Heated Display Instruction manual

**Caution: Read the instructions before using the appliance**

**Model:  
CW147-A / CW148-A**

## Safety Instructions

- Position on a flat, stable surface.
- A service agent/qualified technician should carry out installation and any repairs if required. Do not remove any components on this product.
- Consult Local and National Standards to comply with the following:
  - Health and Safety at Work Legislation
  - Fire Precautions
  - Wiring Regulations
  - Building Regulations
- **Warning! Hot surface! Always wear safety gloves when placing or removing foods.**
- This product is only designed to store food temporarily. Do not use for laboratory or industrial purposes.
- DO NOT use jet/pressure washers to clean the appliance.
- DO NOT use the appliance outside.
- DO NOT allow oil or fat to come into contact with the plastic components or door seal. Clean immediately if contact occurs.
- DO NOT store products on top of the appliance.
- Always carry, store and handle the appliance in a vertical position and move by holding the base of the appliance.
- Always switch off and disconnect the power supply to the unit before cleaning.
- Keep all packaging away from children. Dispose of the packaging in accordance to the regulations of local authorities.
- If the power cord is damaged, it must be replaced by an Apuro agent or a recommended qualified technician in order to avoid a hazard.

- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience or knowledge, unless they have been given supervision or instruction concerning the use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with the appliance.
- Apuro recommend that this appliance should be periodically tested (at least annually) by a Competent Person. Testing should include, but not be limited to: Visual Inspection, Polarity Test, Earth Continuity, Insulation Continuity and Functional Testing.

## Introduction

Please take a few moments to carefully read through this manual. Correct maintenance and operation of this machine will provide the best possible performance from your Apuro product.

## Product Description

- CW147-A Apuro Heated Display - 0.8m
- CW148-A Apuro Heated Display - 1.2m

## Pack Contents

The following is included:

- Apuro Heated Display
- Instruction manual

Apuro prides itself on quality and service, ensuring that at the time of unpacking the contents are supplied fully functional and free of damage.

Should you find any damage as a result of transit, please contact your Apuro dealer immediately.

## Installation

1. Remove the appliance from the packaging. Make sure that all protective plastic film and coatings are thoroughly removed from all surfaces.
2. Wipe all surfaces with a clean, damp cloth before use.
3. Maintain a distance of 20cm (7 inches) between the unit and walls or other objects for ventilation.
4. Insert the 1/3 GN pans (not supplied) into the stainless steel pan holder underneath.

## Operation

### Control panel

The control panel is located at the rear of the appliance.

On/off switch

Indicator light

Thermostat

### Turn On

1. Close the doors of the appliance.
2. Ensure the on/off switch is set to **O** and connect the appliance to a mains power supply.
3. Set the on/off switch to **I**.
4. **Setting the temperature:** Rotate the thermostat to desired temperature (Range: 30°C - 90°C).
5. The indicator light turns on when heating up.
6. When the set temperature is reached, the indicator light goes out. The appliance is now ready for food to be displayed and kept warm.

## Cleaning, Care & Maintenance

- **Switch off and disconnect the appliance from the power supply. Allow to cool down before cleaning.**
- Remove any food debris that is present in the appliance after use.
- Remove the GN pans. Wipe the pan holder underneath to remove any water.
- Clean the interior of the appliance as often as possible.
- Use warm, soapy water and a damp cloth to clean the appliance.
- Do not use abrasive cleaning agents. These can leave harmful residues.
- Always wipe dry after cleaning.

## Troubleshooting

A qualified technician must carry out repairs if required.

Fault	Probable Cause	Solution
Indicator Light does not come on & unit does not heat up	The unit is not switched on	Check unit plugged in correctly and switched on
	Plug or lead is damaged	Replace Plug or lead
	Mains power supply fault	Check mains power supply
	Thermostat has failed	Consult a qualified Technician
Indicator Light comes on but unit does not heat up	Heating element has failed	Consult a qualified Technician
	Thermostat has failed	Consult a qualified Technician
Loud noises	The appliance has not been installed in a level or stable position	Check installation position and change if necessary
	The appliance is too close to a wall or other object	Move to a well-ventilated position.
Odour from the unit	Unit is not cleaned for long time	Clean the unit thoroughly

## Technical Specifications

Note: Due to our continuous improvement process, the product specifications are subject to change without notice.

Model	Voltage	Power	Temperature range	Capacity	Dimensions h x w x d mm	Net Weight
<b>CW147-A</b>	220-240V~ 50Hz	500W	30°C ~ 90°C	46L	336 x 773 x 420	16.5kg
<b>CW148-A</b>		800W	30°C ~ 90°C	68L	336 x 1127 x 420	22.5kg

## Electrical Wiring

The plug is to be connected to a suitable mains socket.

This appliance is wired as follows:

- Live wire (coloured brown) to terminal marked L
- Neutral wire (coloured blue) to terminal marked N
- Earth wire (coloured green/yellow) to terminal marked E

This appliance must be earthed.

If in doubt consult a qualified electrician.

Electrical isolation points must be kept clear of any obstructions. In the event of any emergency disconnection being required they must be readily accessible.

## Compliance

The product must not be disposed of as household waste. To help prevent possible harm to human health and/or the environment, the product must be disposed of in an approved and environmentally safe recycling process. For further information on how to dispose of this product correctly, contact the product supplier, or the local authority responsible for waste disposal in your area.

Apuro parts have undergone strict product testing in order to comply with regulatory standards and specifications set by international, independent, and federal authorities.
