

Nilbac[®] Dry Touch Sanitiser[™] HIGH CONTACT

The Nilbac[®] fine mist gets to work straight away to remove viruses, bacteria, yeasts, fungi and other harmful microorganisms that can damage health, leaving a clean, purified safe surface.

Uses

The advanced formulation quickly and effortlessly sanitises high contact areas in a few short bursts. The just spray, no wipe formula can be used as often as required and is touch dry in minutes, eliminating any cross contamination via cloths. Use throughout the day on all high contact areas such as doors handles, stair rails, grab handles, buttons, chairs, desks, tables, booths, & counters tops. Works on both hard and soft surfaces.

Directions

1. Shake can well, always ensure the nozzle is pointing away from the body.
2. Hold can around 20-25cm from the area to be treated and spray until the surface is covered in a fine mist.
3. Allow to air dry, DO NOT WIPE.

Note: Always test on a small inconspicuous area before general application. Always follow appliance manufactures cleaning instructions. Avoid prolonged contact with skin. Avoid inhaling spray.

Product Reference

Product Code	Available Sizes	Barcode
NDT500	500ml	5011807054412

Physical Properties

Appearance	Water white liquid with mild alcoholic odour
pH [10% Soln]	10.5 +/- 1.0
Specific Gravity	0.78 to 0.810
Non Volatiles % m/m	1 to 5
Active Content % m/m	80%
Flammability	Extremely flammable, flash point below -20°C. See SDS
Composition Data	An solution of ethanol, isopropanol, biocide with propane, isobutane and butane propellant
Service Temperature	Designed for use at ambient temperatures.
Bacterial Properties	BS EN 1276:2019 – Bactericidal (2 mins) EN14476:2013+A2:2019 (120 sec) Virus control

Health & Safety Information
