

Lite Toasters

The Lite Toaster combines Dualit's classic toaster styling with a contemporary and practical gloss finish that stays cool to the touch. As stylish as it is functional, but with the emphasis on convenience, the Lite Toaster offers patented functionality for an efficient kitchen. The Lite Toaster also benefits from a bagel toasting option, defrost function, extra-wide 36mm slots for thick sliced bread and automatic pop-up. The Lite Toaster is available in Black, Canvas White, Red, Cream, White and Grey.

Perfect Toast Technology

Get perfectly consistent, golden brown toast every time with Dualit's patented Perfect Toast Technology. This ingenious feature measures key variables such as toaster temperature, room temperature and how many slices have been toasted, to determine exactly how long your bread needs in the toaster. Undoubtedly the ultimate in precision controlled toast!

Peek and Pop®

Patented Peek and Pop® makes burnt toast a thing of the past. Lift the bread with the ejector lever while toasting to check your toast, then drop it back down, all without interrupting the toast cycle giving you greater browning control.

Easy to clean

The high gloss finish of the main body and stainless steel panel are easy to clean ensuring the toaster will always look in great condition. There's also a concealed, removable crumb tray that will prevent any debris from spilling onto your worktop.

Product spec:

- Bagel button for toasting buns/bagels (toasts one side while warming the other)
- Defrost button for toasting frozen bread
- Extra-wide 36mm slots to accommodate larger items
