**PRODUCT FEATURES**

- Electronic temperature control and powerful elements maintains oil to within +/- 1 °C of the temperature selected, reducing oil usage and ensuring your food always has that all-important crunch.
- With one cooking programme, perfect for when you want to cook the same product time after time, to the same exacting standards.
- Digital timer displays the count down, with a buzzer sounding at the end of the cook cycle.
- Temperature view shows current oil temperature, enabling you to make an informed decision as to when to start cooking.
- Are there more fries than last time? Adaptive cooking automatically adjusts the cooking times to suit your batch size ensuring you never serve undercooked food.
- Keeping your oil in peak condition! Optional xFri© filters the oil at the push of a button and returns oil to the tank. Filter the oil safely, even while it's still hot, mid service if necessary, and resume frying in minutes – so easy there is no excuse not to!
- Raising food to the next level.
