500ml

- ✓ Works in minutes
- ✓ No scrubbing, just paint on & wipe off
- ✓ Quickly removes baked-on grease, oil & fat
- ✓ Unique, powerful gel
- ✓ No nasty acrid smells

Oven Mate™ Cleaning Gel works brilliantly on:

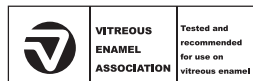

- ✓ Oven interiors, trays & glass
- ✓ Wire shelves & BBQ racks
- ✓ Grill pans & Pyrex® dishes

Do not use on hot ovens, aluminium, brass, copper, stainless steel, Teflon® coated, painted enamel or anodised, cracked, crazed or painted surfaces. Not for use on self-cleaning ovens.

Use within 24 months of opening.

DIRECTIONS FOR USE

- 1 Put on the impermeable gloves and then arm protectors supplied, sealing the arm protectors over the gloves.
- 2 Apply to the surface to be cleaned using the round bristle part of the brush.
- 3 Spread thinly and evenly on lightly marked areas, thicker on those parts with a heavy build-up. As a guide, apply a layer of gel equal to the amount of residue to be removed.
- 4 Leave the gel to work. It will turn brown as it cleans. This may take a few minutes or up to 3 hours. To deep clean a particularly dirty oven, leave on overnight.
- 5 Put on the impermeable gloves and arm protectors. Remove the brown gel with kitchen roll, then wipe over with a sponge to remove all traces.
- 6 The stiff end of the brush is for use on racks where a little brushing may be required to remove all burnt on residue.

“Restore
your oven to new -
you'll be amazed at
the results!”

This powerful gel will leave your oven looking like new, by removing even the most stubborn baked-on oil, fat and grease. Best of all, it has no acrid smell and you won't need to scrub.

BEFORE

AFTER

Put on the impermeable gloves and arm protectors. Simply paint the gel on to a cold oven and leave to work, then wipe off. There's no need to dread cleaning your oven, Oven Mate™ Oven Cleaning Kit cleans beautifully, with no hard work required from you! This product is the most effective and easy way to make your oven look like new again.
