

HOST

6ft Centre Folding Table

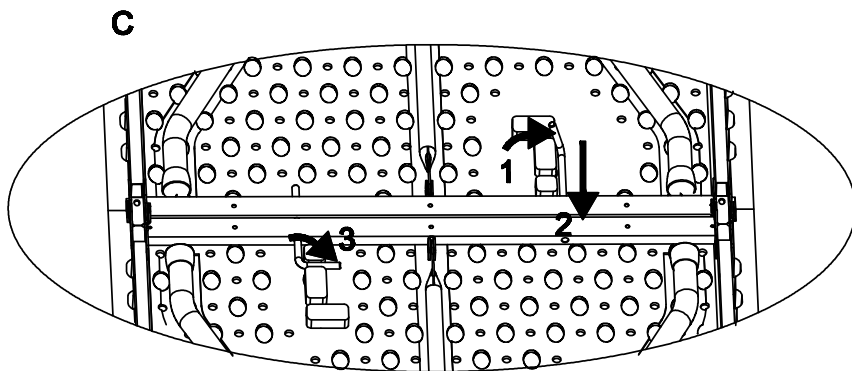

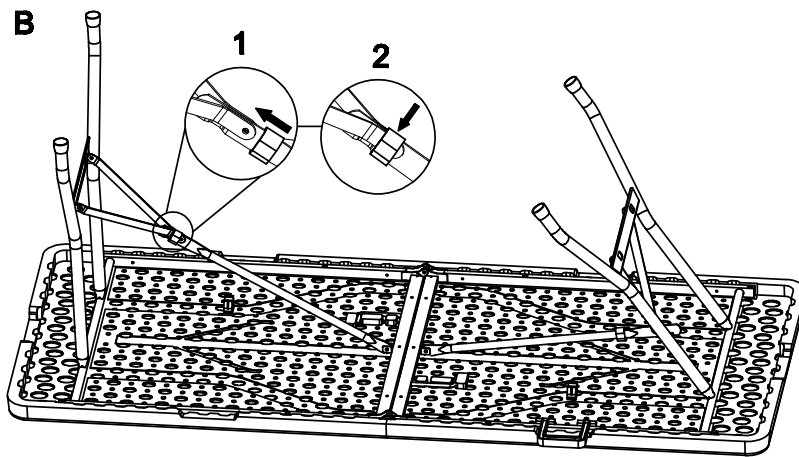

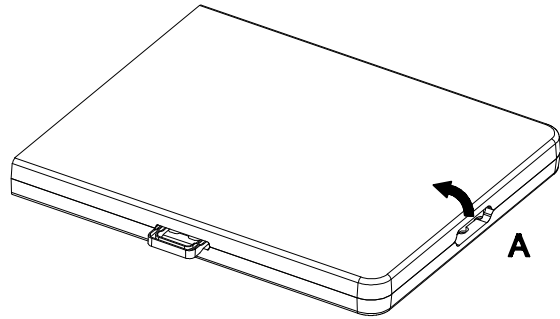

Instruction manual

Model:

HOST0300PFT

**Read this instruction
manual carefully
before use**

Safety Instructions

- Do not overload the table top causing it to bend. Max. Load Weight (evenly spread): 125kg.
- Always replace the locking catch when folding up the table and storing/transporting.

Assembly

1. Place the folding table upside down on a flat surface.
2. Release the locking catch and unfold the table **[A]**.
3. Lift up the legs.
4. Slide the joint locks over the joints **[B]**.

WARNING: Ensure the joint locks are securely in place before using the table.

5. Free the support pin **[1]** from the underside of the table, push it through the central support **[2]** and press back into the underside of the table **[3]**. Repeat for the second pin.

NOTE: Whether in the open or closed position, ensure the support pin handles are securely located back in the underside of the table to stop them from working free.

6. Turn the table upright.

NOTE: Closing the table is a reverse of the above procedure. Ensure the handle is outside the table when closing for ease of transportation.

Service

Should your appliance have a fault, please visit the Service section of the HOST website.
